Opportunities for League Members and Friends

If you are reading this message, you already believe in the importance of the League's mission: voting and having a well informed electorate essential to our Democracy. To fulfill our goal we need members and volunteers to help with voter registration activities. September 27th is National Voter Registration Day. Leagues and other organizations across the nation plan to register new voters. Please reach out to us and let us know how you can be a part of the drive to see that every qualified citizen is registered to vote. If you know of an event where we could set up a voter registration table, please let us know.

We also need to grow our membership. You can help by sharing your interest in the League with your friends and inviting them to a League event. Upcoming events include: Dr. David Rubin's talk on September 22nd on the media and the presidential election. We are also hosting a membership get together at the Greenwood Bistro and Winery on October 5th. All League events are open to the public. You will find more information on these events in this newsletter as well as on our website and Facebook page. Thanks to Roberta Millert for organizing these events.

As we have noted in our last several newsletters, we are gearing up for centennial celebration plans marking the 100th anniversary of the ratification of the 19th amendment and the founding of the League of Women Voters. The State league has formed a 100th anniversary steering committee with over 35 members already on it. Locally we hope to form our own committee. Central New York was such a hotbed for the movement and there are so many opportunities close by to visit and plan events around. If you are interested in sitting on a local committee to plan events, please let us know by calling us at 396-8225 or emailing us at league@lwvsy.org.

Your Leadership Team,

Joan Durant, Joan Johnson, Margrit Diehl, Roberta Millert, Harold Bertram

It is not too early to think about Students Inside Albany, an intensive 4 day interactive conference that brings together high school students from across the state. It is designed to immerse students in the process by which public policy is proposed, enacted and changed in New York State. Students will also have the opportunity to shadow their local legislators and observe sessions of the Assembly and Senate.

If you know of a high school student who would be interested in participating, please contact Margrit Diehl by phone at 446-1317 or email margrit.diehl@gmail.com

The Electoral College

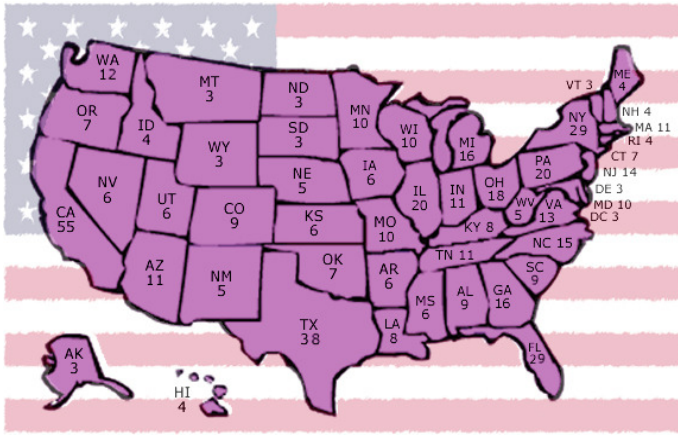

As we know, the U.S. President and Vice President are elected not by direct popular vote, but within the Electoral College, as detailed in the 12th amendment to the constitution.

The Electoral College consists of Electors from all 50 states and the District of Columbia. The total number of Electors equals the total number of the 435 members of the House of Representatives, plus the 100 Senators, plus 3 from DC, totaling 538 Electors. The magic number needed to elect the President and Vice President is 270.

Who are these Electors? In Maine and Nebraska, they are elected based on the total vote winner in each Congressional District. In the rest of the states, it is a winner-take-all situation for the Electors. Those elected by the party whose candidate receives the most votes become that state's Electors. No federal official may be an elector.

The electors meet in their respective state capitols (electors for the District of Columbia meet within the District) on the Monday after the 2nd Wednesday in December. Each state's procedures are slightly different. Congress meets on January 6th to count the electoral votes. If no candidate receives 270 electoral votes, the House of Representatives selects the President and the Senate selects the Vice President. In that case each state gets one vote.

In 2000, the winner with the most popular votes did not become President. This was not the first time that happened, and it could happen again.

2016 Swing States

This year there are eleven "swing states" that have the potential to go to the Democrats or the Republicans. They are: Colorado, Florida, Iowa, Michigan, Nevada, New Hampshire, North Carolina, Ohio, Pennsylvania, Virginia and Wisconsin. Arizona and Georgia could be in play as well. The possibilities change daily. The other states, in recent history, have voted consistently for either the Democratic or Republican Presidential candidate. As of now, they are expected to do the same. Will they?

Thank you to Barbara Epstein, LWV of Nassau for this article.

Voter Registration at the NYS State Fair

Thank you to all members and friends of the Syracuse League who volunteered to register voters at the State Fair. Volunteers included **Harold Bertram, Margrit Diehl, Joan Durant, Sandra Gowing, Jayne Humbert, Rhonda Hungerford, Joan & Art Johnson, Anne Kemper, Barb Kilpatrick, Roberta & Dan Millert, Maureen Needham, Lanessa Owens, Tina Press, David Rubin, Gloria Sage, Susan Scheuerman, Molly Voorheis, and Elaine Wolf.**

The event was arranged by the New York State League and the New York Alliance for Donation. The registration table will be open the entire run of the Fair thanks to the **NYS Alliance for Donation and Laura Ladd Bierman, Executive Director** and **Jennifer Wilson, Program & Policy Director** of the State League.

Do you know when women in New York State won the vote?

We often assume that women were granted the right to vote as the result of the ratification of the 19th amendment in 1920. However, women in New York won the vote on November 6, 1917.

Winning the vote across the country came slowly. Women in the territory of Wyoming were allowed to vote in 1869 prior to becoming a state in 1890. Some historians say they were motivated by interest in free publicity rather than a commitment to suffrage for women. It was also rumored that it was a gimmick to get women to move to the west where they were in short supply.

By the time the 19th amendment became part of the United States Constitution, 15 states already had full suffrage and more had partial suffrage allowing them to vote in some elections.
